

VERSASTYLE™

WARDROBE SYSTEMS

ALSPEC Design

A great wardrobe design can not only improve the décor of your bedroom, but actually add value to your home.

Delivering a comprehensive, modern and stylish range, this framing system offers great design flexibility, which, combined with easy installation, will be a welcome addition to any household.

Featuring modern profiles that are suitable for opaque and coloured glass as well as mirror or board doors, this aluminium framing system uses load bearing rollers which are designed to allow the doors to glide easily on the aluminium track.

For a history of great service and quality built products, when considering a wardrobe system there's only one place that has all the solutions – ALSPEC Versastyle™.

Features & Benefits

ALSPEC Versastyle™ wardrobes are built with the end user in mind, providing features that set it apart from the rest.

- Easy grip door handles allow you to open and close doors easily
- Full-length bumper strip eliminates metal to metal contact for silent closing
- Readily adjustable rollers ensure quiet and smooth operation
- With double and triple sliding door designs available, these wardrobe systems cover most openings
- An unobtrusive concave track
- With an extensive designer colour range, you can be sure your wardrobe will have the latest fashion colours

Choice of Stylish Colours

With ALSPEC Versastyle™ wardrobes, matching the colour of the wardrobe to the interior of your room isn't a problem.

- Large choice of stylish colours – both powder coated and anodised
- Standard colours available: White, White Birch, Precious Silver Pearl, Bright Gold, Bright Silver and Natural Anodise
- Have something specific in mind? A full range of powder coated custom colours can be ordered as requested.

Complementary Hardware

Not only are ALSPEC's Versastyle™ wardrobes stylish and contemporary, but they are also designed using the latest advancements in technology and are built using the highest quality materials.

Adjustable roller bearings and wheels ensure for smooth and silent closing doors, while the contemporary range of pull handles, available in both square and round finishes; ensure that the overall design of the wardrobe system is complementary.

With over 30 years experience, ALSPEC is proud to introduce a new and innovative sliding wardrobe system.
